

Dec. 24, 2023 Birth of Christ, Kingston, Ont  
St. Michaels.

The fathers of the Church explain the  
incarnation to us.

Christ came to destroy the power of  
sin & evil - to destroy the  
power of death.

He came in order to open up to us  
a path to regeneration which  
is not blocked by the malignant  
actions of the powers of destruction.

Christ opens up to us a means of  
defication - a means of acquiring  
the Holy Spirit.

This defication is possible only  
through ~~the~~ the God-man  
Jesus Christ.

This idea of defication is

Christianity pointed out the errors of idolatry, and eventually won over a god dead of the ancient world, but at the time

what it often boiled down to was designing your own god. Instead of man being made in the image and likeness of God, God was created in the image and likeness of man by man.

The ancients worshipped the force of nature, and their gods were idols, counterfeit replacements for God.

Actually something found among the ancient nations, but their approach leads to destruction. Hence it does not come from the one, true, living God!

Things began to deteriorate.

Under the auspices of the  
Reformation and especially of the  
Enlightenment, man began to distance  
himself from God and his independence from God  
and has today succeeded, to  
a great extent, in eliminating  
God from daily life.

Modern man has rejected the  
God-man Jesus Christ who is  
the only source of salvation  
and declared Him with the  
man-god, the superman, who  
is a product of human self  
will.

The results of this paradigm  
shift are visible in  
human history over many in  
centuries, but particularly in  
more recent times.

We see the godless battle of human  
wills in wars and various  
forms of exploitation.

The 20th century may well have  
been ~~the~~ one of the most  
destructive of centuries, particularly the 1930's which was  
characterized by the death of  
millions caused by governments  
acting against their own citizens.

Dedication is, indeed, the  
purpose for Christ's incarnation  
but it must be the dedication  
rooted in and motivated by  
Christ.

All other attempts are counterfactual  
and come not from Christ, but  
from Antichrist, instead of  
accepting the saving love  
of the God-man Jesus Christ.

Let us not be deceived & let us  
warn others that unless the  
Lord build the house, those who  
build it labour in vain.

Do we celebrate the Birth of  
Christ, let us call to mind all  
that God has done for us,  
for He desires that all of us  
be saved.

The spirit of antichrist ~~is~~  
instead a fraud, an idol  
The man-God who comes from  
heaven will and will  
which would prefer to rule  
in hell than serve in heaven.

Nov 7, 2007 St. Michael's Kingston, Ont  
parish heart.

Today we celebrate the feast of  
the hidden power of the  
heaven - namely called the  
angels -

There are at least 9 different  
kinds of these creatures given  
by Dionysius in descending  
order in groups of 3

Seraphim  
Cherubim  
Thrones

Dominions  
Virtues  
Powers

Principalities  
Archangels  
Angels

It is our tradition that it was Michael and the angels who submitted to God, who cast Lucifer and his followers out of heaven.

Michael whose name means "who is like God" is believed to be the leader of the heavenly armies.

Gabriel  
Raphael  
Michael -

There are 3 archangels who are mentioned by name

Collectively they are called the bodiless powers of heaven and are the invisible creation of the invisible creation.  
It is an article of faith in the creed to believe that there is an invisible ~~creation~~ creation.

Satan fall from heaven.  
"I saw"  
Jesus himself said:

From that time these rebellions  
angels have been angry and  
bitter and much hurting  
but harm on creation and  
do everything to be destructive.

We read about ~~these~~ the damage  
they can do in today's world.

How many times do we blame  
God when something goes wrong  
when in reality it is the  
demons who do everything in  
their power to destroy us  
and all the good things that  
God has created.

Jeans came to destroy the  
power of these demons. He  
came through, clarified  
people thinking, attacked demonic

390  
Many obvious demonic pressures  
to be seen especially in  
all forms of deceit & deception  
and also of in violence and  
"murder for Jesus sake Satan  
& liar and all murderers from  
the beginning and the father of lies"

Signs of the work of the  
powers of evil are everywhere,  
we see it in sickness and death,  
we see it in spiritual and  
emotional problems, we see it  
in muddled and confused  
thinking, we see it in crime  
and in the sins that are  
committed daily.

Influenced distorted thinking, actually  
cast out demons who were  
tormenting people and ultimately  
destroyed the demonic power  
which brought about corruption  
and death.

In terms of the details of what  
exists demonic influence, an  
excellent guide is found in  
learning the formation with and  
deadly passions or vice in  
ourselves and others.  
We must constantly pray for  
the grace of God to not be  
deceived into giving into  
temptation.

The major ~~of~~ deadly vices  
or passions which have of  
demonic origin and affect  
the attitudes and values of the  
demons are:

1. Pride - this is by far  
the worst passion. It is the  
one that got Lucifer cast out  
of heaven. It consists of  
thinking that we can do  
quite well on our own without God.  
- Even the pigs went at your money

5. Greed or Avarice - being enslaved to wealth and the gods of this world

4. Lust - inability to control our bodily urges which results in avaricious misuse of God's gifts. The term is also used for example, in the sense of "lust for power or something false - not for power can be truly demonic." A quick look at history ~~the~~ would amply show that

3. Gluttony - inability to control our appetites - we become enslaved to our appetites.

2. Vainglory - comparing ourselves - treating unimportant and meaningless things as if they were important.

6. Laziness, Sloth, or Negligence (acedia) -  
Being apiritually negligent -  
"The road to hell"  
is paved with good intentions.

7. Envy or jealousy or dejection -  
an unhappy feeling because  
of the good fortune of others  
or the inability to love - including  
to love ourselves. This demon  
destroys a lot of relationships.

8. Anger - sometimes expressed as  
rage - often called demonic

rage. This passion does a  
tremendous amount of harm to  
those who come into contact with  
the angry person and if unchecked  
ultimately destroys the angry person.

Anger is often an expression  
of self-loathing projected onto  
others.

We must pray for them —  
 we must pray that everyone  
 see the light. We must pray that  
 all be saved, and we seek  
 the intercession of St. Michael

In a world that has been  
 heartily indoctrinated into rationalism,  
 materialism and secularism,  
 we will find men who will  
 shut their eyes and smile at  
 what they perceive as the  
 silliness and naivete of those  
 who still believe in  
 angels, demons and the destructive  
 powers. They say that if it  
 feels good, it is good. They  
 believe that in these supposedly  
 enlightened times, those who  
 still believe in an are  
 ridiculous, these are the people  
 who are naive and living  
 in a dream world.

and all the British power of  
heaven to protect us.
